

Caroline Weilhamer **Senior Network Engineer, Clemson University**

Caroline Weilhamer is CCIT's Senior Network Engineer for External Networks. In this role she is responsible for the wide area network connectivity for Clemson University, which involves the coordination and connectivity with Internet2, NLR and C-Light connectivity. Caroline joined the Clemson University CCIT department in June 2007; Prior to joining the Clemson CCIT department she worked at Indiana University in the Global Research engineering department, from April 1999 to June 2007, where she worked on the Abilene, Internet2, Teragrid, NLR, Manhattan Landing Exchange Point, Indiana Gigapop, IP Grid, HOPI, TransPac and I-Light networks. Caroline has experience designing, deploying, monitoring, and maintaining various network

platforms including Juniper M20, T320 and T640 routers, Cisco 12008 GSR, CRS, 2950, 2801, 2811, 6500, Cisco ONS 15454 and 15808, Nortel OME 6500 and HDxC, Force10 E 600 and E1200.
